

Marg Rycroft

Member 1999 - 2017

Marg was born on April 14, 1949 in Sherridon, Manitoba and was raised in Lynn Lake, Manitoba. In 1983 she married Bob Robinson and her son Chad was born in 1985. She has worked at Westman Lab as a lab technologist since 1975, working half-time since the birth of her son. A special family member in the household is her Jack Russell Terrier dog, Charlie. Marg enjoys cooking, baking and wine making. She is well known for her homemade dog biscuits, "Paws".

Marg was diagnosed with Breast Cancer in April 1992 at the age of 43. This was the same age her mother was when she died of breast cancer, in 1963. Marg had a lumpectomy, followed by a mastectomy and then reconstruction six months later. No chemo was required but she was on tamoxifen for five years. Now she is involved in the letrizole trial.

Marg has been a volunteer with CFS (Child and Family Services) in the Parent Child Home Program, teaching parents to play and read with their child. She is the co-ordinator for the Look Good, Feel Better Program through the Cancer Society since it's inception in October 2000. She is also a zone leader for the April canvass for cancer.
